PROJECT PROFILE

PROJECT TYPE: PRIVATE

SUMMARY

A local artist will construct a sculpture out of recycled bicycle parts to resemble a tree. This sculpture will honor the life and legacy of Mark “Bunky” Roehrig. The community will be asked to donate their old bicycles to be part of the sculpture. The sculpture will be placed in one of the City parks.

COMMUNITY NEED

Establishing public artwork like the “Bunky Tree” will encourage and inspire the community and also will help create the much needed art culture in our community. Sculptures like this will open more opportunities to bring more art projects to Tiffin

TIMELINE

- Current Status: Project is awaiting approval from the City.
- Project will move forward contingent on:
 - Obtaining complete funding and approval of the location and design by the City's Arts Commission
- Project timeline:
 - 2022: Sculpture completed and installed

BUDGET

TOTAL PROJECT COST: \$5000

- Includes materials and labor to complete and install the statue.
- Cost Breakdown:
 - Materials and labor: \$5000
- Obtained so far: \$0

ONGOING EXPENSES & SUSTAINABILITY

- Maintenance for the statue would be minimal and could be covered by volunteers.

FUNDING SOURCES

- Potential sources identified include Tiffin Community Foundation's White Family Fund, the Meshech Frost Foundation, the new Tiffin Arts Commission and private donors.
